

Charity & Healing Event Puts Dr. DREAM On-The-Road with Tibetan Healing Bowl Experiences, Proceeds benefit Nepal

September 26, 2016 -- Mark “Dr. DREAM” Peebler, an internationally known holistic healing practitioner and International speaker, is taking his Tibetan Healing Bowl Experience to cities across the country. The events, presenting between 33 and 333 Tibetan Healing Bowls, are in support of the Gilung and Sindupalachoka Villages in Nepal which were devastated by a series of earthquakes.

The village of Gilung is in the north of Nepal, only 30 KM from the epicenter of the earthquakes, and makes beautiful Tibetan bowls that are shared with many healers around the world. When the earthquakes hit Nepal, all 100 homes in the village were destroyed.

When Dr. DREAM and his team, who had used the bowls in their events and healing practice, heard of the devastation, they raised money and sent large tents so that shelter would be available in the rainy season.

Dr. DREAM assumed the community would be so consumed with rebuilding, they would not continue to create the bowls. But the spirit there was so strong, that the villagers felt their purpose to create these ancient healing bowls even stronger. A representative of the village entrusted Dr. DREAM with a large number of bowls he could not afford to buy up front. He began selling them to provide much needed cash flow for the community and designed an event so unique that it served the purpose of all involved, supporting the village while healing others and bringing communities of volunteers together in support.

“We have designed a rare experience with 333 Tibetan Healing Bowls that nobody in the U.S. has ever done before”, said Dr. DREAM. “Together with each local community, we

become catalysts of positive change, touching as many people's lives as possible with these loving energies and giving back to Nepal.”

Once each week or two, Dr. DREAM facilitates an experience with 333 Tibetan Healing Bowls. For the other tour dates, Dr. DREAM facilitates the experience with 33-222 Tibetan Healing Bowls. In each city on Dr. DREAM's "Tour of Love", he recruits "Angels" or volunteers that become an integral part of the experience, orchestrating the sound healing and assisting with the bowls. Using the Tibetan bowls, Dr. DREAM and his Angels create a guided visualization combined with different sounds and vibrations to harmonize the energy body and relax the mind. Attendees will feel energized and inspired as the bowls unlock stuck energies and connect the mind, body and spirit.

Currently, this sacred economic agreement is with 1,500 bowl-makers from the Gilung & Sindupalachoka Villages in Nepal. Since the formation of this agreement, Dr. DREAM has been averaging payments of over \$5,000/month.
